C-SERIES *Catamaran*

STABLE | SPACIOUS | UNSTOPPABLE

The **C35** is a 3.5m catamaran tender built using **pre-preg carbon construction** for exceptional strength. Its twin-hull design ensures unmatched stability, dryness and comfort, even at speed. With flexible layout options - including open deck or side-console configurations, the C35 can be tailored to suit your lifestyle. Performance proven, the C35 combines cutting-edge composite technology with sleek performance on the water.
